 Manager's Name/Phone No. \_\_\_\_\_

Welcome to the California Breeze!! Your daughter will be playing for one of the elite softball Organizations in California. We take pride in furnishing our players, without charge, uniforms for their use while they belong to our Organization. Upon receiving their uniforms, you will be 100% responsible for them. If at anytime, they become lost or misused, you will be required to replace them at YOUR expense. The uniforms are the property of the California Breeze and **are only to be worn for practice games and tournaments.** Excessive wear (practices and other outside functions) will add extra wear and tear on the uniforms and will not constitute replacement. Uniforms will be replaced as needed, due to normal "Breeze" wear and tear.

Uniforms Issued	Replacement Cost	Size	Initial
Victory Gray Jersey	\$85.00	_____	_____
Victory Navy Pants	\$65.00	_____	_____
"National" Shirt	\$65.00	_____	_____

## California Breeze Uniform Laundering and Care

### Laundry Preparation

- **Launder uniforms immediately after each wearing.**
- Garments that cannot be laundered promptly should be rinsed out in cold water and hung individually on rust proof hangers.
- Perspiration fading will occur if uniforms are left wet in a pile or in a travel/laundry bag.

### Soaking

- Heavily soiled garments should be soaked in lukewarm water with a protein release agent for a MAXIMUM OF 45 MINUTES. Wash garments in a normal cycle IMMEDIATELY after soaking.

### Washing

- All garments should be washed in cold water. Rinse-water temperature should not vary more that a few degrees from wash-water temperature.
- Wash with a "mild" detergent (with no added phosphates). Example: Tide, Cheer or Gain.

### DO NOT BLEACH

- **Do not use ANY kind of chlorine bleach,** or any form of bleaching agent, whitener/brightener, fabric softener, or laundry booster. (Extensive fading and/or color bleeding will result).

### Drying

- For best results, **garments should be hung to drip dry.** When tumble drying, use the lowest temperature or "air only" setting. Remove all uniforms promptly from dryer.
- Excessive heat and/or extended drying time will cause shrinkage that may alter the size of the uniform and cause irreparable damage to screen print lettering and graphics.

### Dry Cleaning

- DO NOT DRY CLEAN any uniforms.

### Storage

- Dry garments completely before storing. Store in a cool, dry area, protected from sunlight and fluorescent light to prevent mildew and yellowing.

### Ironing

- No ironing should be necessary. **If ironed, use a low temperature only.**
